### Customer Feedback / Comments:

*"I heard about aloecure and have been taking it for 3 days- so far it has helped "smooth out" the acid in my stomach" -- Actual Consumer Feedback from HealingWell[dot]com*

*"This product truly works. I was having chest pain (heart attack like). The doctor said it was acid reflux...I found AloeCure. It works so well, I don't always have reflux issues. Also, aloe juice doesn't just help the stomach, it also helps with other digestive issues according to natural healing." -- Actual Consumer Feedback from Amazon[dot]com*

*"My husband used to have bad acid reflux and acid indigestion. This product eliminated it. I try to encourage him to eat better foods but until he does, this product will keep his stomach from paying the price!" -- Actual Consumer Feedback from Amazon[dot]com*

*"Good product that works better than Dr prescribed medicines. My wife tried many prescription and OTC medicines that didn't help much and had secondary effects. Then she tried Aloe Cure and it helped a lot with her problem without causing any additional problems." -- Actual Consumer Feedback from Amazon[dot]com*

*"I take aloe vera juice after taking my osteoporosis medication as that gives me heartburn, which the aloe vera juice prevents. I found a product online called AloeCure and they are located at aloecure.com...I have found this product helpful." -- Actual Consumer Feedback from IBSGroup[dot]org*

*"I suffer from heartburn and have tried everything and am always searching for new products. I just tried AloeCure and it has done miracles. You guys should check it out...my heartburn fades in maximum of 20 minutes." -- Actual Consumer Feedback from RevolutionHealth[dot]com*
